Leadership Retreat

MYF will be starting up a new form of student leadership. All students will be invited to attend a leadership retreat in **August**. Students who are interested should begin praying that God will open them up to the challenging call of leadership among their peers. Also, parents of interested students should become dedicated to prayer for their ambitious children. This will be an exciting retreat where students will discover not only their spiritual gifts and who they are as leaders, but their place here in God's world! **More details to come.**

We will be having MYF this Sunday! We've had a few weeks off, but this will be an exciting week. Invite your friends and be ready for a fun afternoon!
